

A Patient's Guide: Registering in MyCareCorner

The MyCareCorner (MCC) patient portal provides patients with access to their electronic health record. You, as the patient, can register for the MyCareCorner patient portal several different ways. Typically, your healthcare provider (hospital or clinic) will provide you with an email (if you provided an email address) or a printed copy of instructions for accessing the MyCareCorner website. But, you can also self-register by accessing the MyCareCorner website directly.

- **Email Invitation:** Contact your healthcare provider (hospital or clinic) to request an email registration invitation for MyCareCorner.
- **Printed Invitation:** Contact your healthcare provider (hospital or clinic) to request a printed registration invitation for MyCareCorner.
- **Self-Register:** Go to MyCareCorner.net and create an account. Once you have an account, you will need an invitation (or invitation code) to [access your health record](#) and those of your family members.

Gaining access to your health record is a 2-step process, regardless of the method that you choose.

- Step 1: Create a MyCareCorner account.
- Step 2: Link your health record (or the record of a family member) to the appropriate MyCareCorner account.

The instructions for these steps are included in this document.
